Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of North Hampton, in the County of Rockingham, in said State, qualified to vote in Town Affairs:
[L. S.]

You are hereby notified to meet at Town Hall in said North Hampton on Tuesday, the tenth day of March next, at one of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see if the Town will vote to accept State Aid for roads.

4. To see what action the Town will take, if any, in regard to the purchase of a stone crusher.

To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 16th day of February, in the year of our Lord, nineteen hundred and fourteen.

OTIS S. BROWN,
GILMAN H. MOULTON,
GEORGE L. GARLAND,
Selectmen of North Hampton.

A true copy of Warrant — Attest:

OTIS S. BROWN,
GILMAN H. MOULTON,
GEORGE L. GARLAND,
Selectmen of North Hampton.

Selectmen's Report

Report of Trustees of Public Library

Soon after the beginning of the present fiscal year the Trustees met and considered the more urgent needs of the Library. The building itself seemed to demand our first attention, and accordingly, after giving the interior a thorough cleaning we ordered electric lighting fixtures, as a result of which the Library is now, for the first time, suitably lighted.

There has been a general demand from the Library patrons for new books, none having been purchased for quite a long time; but bearing in mind the recommendation in last year's report, and considering the future of the Library, we decided that we must first arrange to classify and recatalogue the books in such manner that the work should be permanent. As a result, we now have in practical operation a card catalogue, in which all books can be found indexed under both author and title. It was our purpose to adopt such a catalogue system as should give to each volume its individual number. This number should be simple to write and should indicate the class to which the work belonged. It was also required that books by the same author should be adjacent on the shelves and the system should allow of indefinite expansion. We think we have attained all these ends in the system now in use. It is a modification of the "Dewey Decimal" classification and seems best suited to the needs of a Library such as ours. Fiction is kept in a class by itself and all the other works are divided into 44 classes and sub-classes.

A card charging system has been put in operation and this is found to be a great improvement over the former method which was unsuited to our present needs.

As an experiment, the trustees have ventured to provide for the reading room two magazines — *The Century* and *St.*

Nicholas, and a few other periodicals furnished by friends of the Library.

By reason of our unusually heavy expenses this year for permanent improvements we have limited our purchases of new books more than we should otherwise have done, but we have bought 64 volumes, of which 43 are fiction.

Our Library is of regular and increasing use to the older scholars in our schools for reference purposes, and while we have much good material in this line, our Library needs "balancing," by providing works in some departments of knowledge in which our resources are very scanty. We hope these needs may gradually be supplied by judicious purchases.

A considerable number of old books have been discarded for various reasons; most of them on account of being worn out. We think the expense of rebinding is not generally warranted in case of books still in print, as it would be more satisfactory to buy fresh copies if they should seem to be needed. We have, however, a few valuable books, now out of print, such as Dr. Kane's "Arctic Explorations," which should be rebound in a substantial and appropriate binding.

We have had presented to us 17 volumes, 10 of which are included in the valuable works, "Messages and Papers of the Presidents of the United States," given by Mr. S. A. Dow.

Since September the Library has been open continuously from 2 to 8 P. M. on both Wednesdays and Saturdays; thus increasing the Library hours from four to twelve per week.

A few months ago Mr. L. W. Fogg resigned his position as Librarian after 21 years of faithful and efficient service. He has been succeeded by Miss Lucy M. Warner, who has entered upon her duties with enthusiasm, and shows herself well adapted to the work of her position.

There are now 1860 volumes in the Library, of which 1130 are fiction. We find on our shelves many valuable books which evidently have been used but very little. Since the books are now arranged in the stacks according to their classification, we recommend that all perssons who are interested

in good reading make a personal inspection of the books in any departments in which they may have interest.

We estimate the requirements of the Library for the coming year to be as follows:

Salary of Librarian	$80 00	
Fuel	20 00	
Lighting	20 00	
New books	110 00	
Magazines and periodicals	10 00	
Miscellaneous	10 00	
Total		$250 00

We therefore recommend that the above sum of $250 be raised for Library purposes.

FRED L. DOW,
EDWARD M. SMITH,
W. H. PHILBROOK,
Trustees of Library.

To the Citizens of North Hampton;

Your School Board reports one fact with great pleasure, that we now have as fine a corps of teachers as, we believe, can be secured for any country schools.

Our school rooms are well equipped with maps, globes, reference books, and all needful implements for school work, but there is still the great lack without which the best work cannot be done — a suitable building, well lighted and ventilated, and so situated that the schools will not be disturbed nearly every day during the winter season as they now are by the noises pertaining to Centennial hall.

Only when the citizens interest themselves, and determine that the children of North Hampton shall have the best obtainable, will we have schools equal to those in the country towns surrounding us.

Nothing short of a well-built, modern school house will put us on an equality with them, owing to the peculiar situation we now occupy being in the building with a much-used hall.

With a central school building the East school can also be properly graded.

We trust that the parents will show their interest by attending the School District meeting and discussing the matter.

In accordance with the school laws, we recommend that the following amounts be raised in addition to what the law requires to be raised for school purposes.

High school tuition	$360 00
Text books and supplies	150 00
Insurance	30 00
Official services	75 00

FRED A. DREW,
EVA M. TAYLOR,
ALBERT E. LOCKE,

School Board.

FINANCIAL STATEMENT, FEBRUARY 18, 1914
